Crystal USB 3.0 Hard Disk Enclosure

Delivering 10 times faster processing speed

- Supports SATA compliant hard drive
- Features hot-plug
- Increases heat dissipation and saves desktop space by utilizing an upright position
- Reveals instant status via hidden LED
- Provides steady and firm stance
- Available data transfer speed up to 5Gbits/s
- Reduces power consumption with hard drive spin up/down support
- Powers on/off via USB cable instead of AC adapter or power button

USB 3.0 SUPERSPEED

HU-M10J

The new **Crystal USB 3.0 Series** is invented for the *SuperSpeed USB* application, which can spectacularly meet the professional user's demand for rapid data speeds! The **Crystal USB 3.0** is made backward-compatible (connectible via Micro-B or Type-B to Standard Type-A) and workable with present USB 2.0 hosts, on top of all emerging USB 3.0 products! Traditionally, the maximum data rating for USB is only 480 Mbit/s (60 MB/s). With the latest *SuperSpeed USB* technology, the data speed has jumped to 10 times quicker than the old USB 2.0, up to 5 Gbit/s*!

The Crystal housing carefully seals the hard drive inside, protecting the hard dirve itself from gathering dust while in operation! It provides immediate power and data access notifications via hidden LED on the top cover. The Crystal USB 3.0 series provide a hard drive spin up/down feature to guarantee an ozone-friendly environment due to decreased power consumption, and simple yet protective mechanics to make housing assembly a piece of cake!

*These features only apply if the host port is also USB 3.0

USB Standard Type-A Connector

USB3.0 Connector

Specifications

Model	HU-M10J
Connector	USB 2.0 / 3.0 x 1
HDD Support	3.5" SATA hard drive
Data Transfer Speed	USB 3.0: up to 5Gbits/s USB 2.0: up to 480Mbits/s
System Material	Plastic casing
Status Indicator	Power On / Access
Power Supply	Output: 12V/1.5A, Input: 100~240V Universal AC/DC adapter
Dimension	131 (L) x 63 (W) x 180 (H) mm
Weight (without hard drive)	220 G

Specifications are subjected to change without notice

System Requirements

PC:
500MHz or faster CPU
256MB or higher RAM
Microsoft Windows XP, 2003,
Vista, 2008, 7 or higher
One available USB 2.0 or USB 3.0 port

MAC:
Macintosh PowerPC or Intel processor
256MB or higher RAM
Mac OS X 10.3 or higher
One available USB 2.0 or USB 3.0 port

Optional Accessories: USB 3.0 host card

Package Content

Crystal USB 3.0 Hard Drive Enclosure / USB cable / External power supply
HDD screws / Quick start guide

USB 3.0 SUPERSPEED | Windows 7 Compatible | MAC Compatible | Time Machine Compatible | FC | C E | RoHS
